BRAINWAVE AI *Learning Path*

Level	Program Category	Duration
Level 1	Short-Term Professional Programs	15–30 Days
Level 2	Career-Oriented Professional Programs	1–3 Months
Level 3	Specialized AI Programs	2 Months
Level 4	Premium Flagship Programs	3 Months (90 Days)
Level 5	Advanced Professional Programs	3, 6 & 10 Months
Level 6	Corporate & Executive Programs	1–5 Days

Level 1: Short-Term Professional Programs (15–30 Days)

Short-Term Professional Programs are designed for beginners, students, and working professionals who want to quickly acquire practical knowledge in emerging technologies. These programs provide focused training in Artificial Intelligence, Generative AI, Python, Data Analytics, Cloud Computing, Cybersecurity, and productivity tools. Through hands-on exercises, demonstrations, and real-world examples, participants gain valuable skills that can be immediately applied in academic, professional, or business environments.

Level 2: Career-Oriented Professional Programs (1–3 Months)

Career-Oriented Professional Programs are designed to help learners build industry-relevant skills and prepare for employment opportunities in the technology sector. These programs offer comprehensive training in Artificial Intelligence, Data Science, Machine Learning, Deep Learning, Cloud Computing, Business Analytics, and Full Stack Development. Emphasis is placed on practical projects, case studies, and professional skill development to make participants job-ready and confident in real-world scenarios.

Level 3: Specialized AI Programs (2 Months)

Specialized AI Programs focus on the application of Artificial Intelligence within specific industries and professional domains. These programs are tailored for professionals in marketing, finance, human resources, education, healthcare, tourism, and business management. Participants learn how AI technologies can improve productivity, automate routine tasks, support decision-making, and create innovative solutions within their respective fields. The programs combine domain knowledge with practical AI implementation strategies.

Level 4: Premium Flagship Programs (3 Months / 90 Days)

Premium Flagship Programs represent Brainwave AI's most comprehensive professional training offerings. These programs cover advanced topics such as Artificial Intelligence, Data Science, Machine Learning, Deep Learning, Generative AI, Agentic AI, Computer Vision, Natural Language Processing, and Large Language Models. Learners work on real-world projects, industry case studies, and capstone assignments while receiving expert mentoring and career guidance. These programs are ideal for individuals seeking to establish themselves as AI professionals, data scientists, or technology innovators.

Level 5: Advanced Professional Programs (3, 6 & 10 Months)

Advanced Professional Programs are intensive learning pathways designed for individuals who aspire to become AI engineers, AI architects, researchers, technology consultants, or future industry leaders. These programs provide in-depth technical expertise, advanced project development experience, research-oriented learning, and exposure to cutting-edge technologies. Participants engage in complex problem-solving, enterprise-level applications, innovation projects, and emerging AI trends, preparing them for leadership roles in the rapidly evolving AI ecosystem.

Level 6: Corporate & Executive Programs (1–5 Days)

Corporate & Executive Programs are specially designed for business leaders, managers, executives, entrepreneurs, and organizational teams seeking to understand and leverage Artificial Intelligence for strategic advantage. These short-duration programs focus on AI adoption, Generative AI applications, digital transformation, innovation management, business productivity, and future technology trends. Participants gain practical insights into how AI can enhance organizational performance, improve decision-making, and drive sustainable competitive growth in the modern business environment.

Program Category	Duration	Target Audience
Short-Term Professional Programs	15–30 Days	Students, Beginners, Working Professionals
Career-Oriented Professional Programs	1–3 Months	Students, Job Seekers, Working Professionals
Premium Flagship Programs	3 Months (90 Days)	Serious Learners, Professionals, Career Changers
Advanced Professional Programs	3, 6 & 10 Months	Advanced Learners, AI Engineers, Future AI Architects
Specialized AI Programs	2 Months	Domain Professionals (Marketing, Finance, HR, Education, Tourism, Healthcare, etc.)
Corporate & Executive Programs	1–5 Days	Corporate Teams, Managers, Executives, Business Leaders
Internship & Live Project Programs	1–6 Months	Students, Freshers, Job Seekers
Corporate Training Programs	Customized Duration	Organizations & Enterprises
Workshops & Seminars	1 Day	Schools, Colleges, Corporates
Faculty Development Programs (FDPs)	2–5 Days	Teachers, Faculty Members, Academic Institutions

Short-Term Professional Programs (15–30 Days)

Course Name	Duration
AI for Everyone	15 Days
Introduction to Artificial Intelligence	15 Days
ChatGPT & Generative AI Essentials	15 Days
Prompt Engineering Masterclass	15 Days
AI Tools for Productivity	15 Days
AI for Teachers	15 Days
AI for Students	15 Days
AI for HR Professionals	15 Days
AI for Tourism Professionals	15 Days
AI for Business Leaders	15 Days
SQL for Data Analytics	15 Days
Microsoft 365 Productivity Suite	15 Days
AI for Digital Marketing Professionals	20 Days
AI for Finance Professionals	20 Days
Python Programming Fundamentals	20 Days
Power BI Essentials	20 Days
CrewAI & Multi-Agent Systems	20 Days
Cloud Computing Essentials (AWS, Azure & GCP)	20 Days

Course Name	Duration
Cybersecurity Fundamentals	20 Days
Agentic AI Fundamentals	25 Days
Data Analytics Fundamentals	25 Days
Machine Learning Fundamentals	25 Days
Deep Learning Fundamentals	25 Days
Computer Vision Fundamentals	25 Days
Natural Language Processing (NLP)	25 Days
Python for Data Science	25 Days
LangChain & AI Agents	29 Days
Generative AI Professional	29 Days

Level 2: Career-Oriented Professional Programs (1–3 Months)

Career-Oriented Professional Programs (1–3 Months)

Program	Duration
Python Programming Professional	1 Month
Power BI & Business Analytics Professional	1 Month
Cloud Computing Professional (AWS, Azure & GCP)	1 Month
Cybersecurity Professional	1 Month
Data Analytics Professional	2 Months
Artificial Intelligence Professional	2 Months
Machine Learning Professional	2 Months
Deep Learning Professional	2 Months
Computer Vision Professional	2 Months
Natural Language Processing (NLP) Professional	2 Months
Agentic AI Professional	2 Months
Generative AI Professional	2 Months
Full Stack Python Developer Professional	2 Months
Data Science Professional	3 Months
AI Architect Program	3 Months
Generative AI & Agentic AI Master Program	3 Months
AI + Data Science + Generative AI Professional	3 Months
Data Analytics + AI Professional	3 Months
Data Science & Business Analytics Professional	3 Months
NLP & Large Language Models (LLMs) Professional	3 Months

Premium Flagship Programs (3 Months / 90 Days)

Mode: Offline | 2 Hours Daily

Program	Duration
AI Architect Program	90 Days
Artificial Intelligence Professional Program	90 Days
Data Science Professional Program	90 Days
Data Analytics Professional Program	90 Days
Machine Learning Professional Program	90 Days
Deep Learning Professional Program	90 Days
Generative AI Professional Program	90 Days
Agentic AI Professional Program	90 Days
NLP & Large Language Models (LLMs) Professional Program	90 Days
Computer Vision Professional Program	90 Days
AI + Data Science + Generative AI Professional Program	90 Days
Data Analytics + AI Professional Program	90 Days
Data Science & Business Analytics Professional Program	90 Days
Generative AI & Agentic AI Master Program	90 Days
Full Stack Python Developer Professional Program	90 Days
Cloud Computing Professional Program (AWS, Azure & GCP)	90 Days
Cybersecurity Professional Program	90 Days

Advanced Professional Programs (3, 6 & 10 Months)

Generative AI & Agentic AI Master Program	3 Months

Training Mode

Offline | 2 Hours Daily

Premium Program Benefits

- ❖ Certificate of Completion
- ❖ Comprehensive Course Material
- ❖ Step-by-Step Tutorials
- ❖ Detailed Notes & Reference Materials
- ❖ Practice MCQs & Assessments
- ❖ Recorded Video Sessions
- ❖ Hands-on Practical Training
- ❖ Live Demonstrations
- ❖ Industry Case Studies

- ❖ Real-World Capstone Projects
- ❖ Access to Premium AI Tools & Platforms
- ❖ Expert Mentoring by **Bijay Chowdhury**
- ❖ Internship Opportunities
- ❖ Resume Building & LinkedIn Profile Optimization
- ❖ Interview Preparation & Mock Interviews
- ❖ Career Guidance & Placement Assistance
- ❖ Exposure to Latest AI, Data Science, Analytics & Cloud Technologies
